HARBOR LANDS TO BE BOUGHT FOR INDUSTRY

The long anticipated move to purchase additional lands adjacent to the Port of Redwood City for use of industry was to be set under way this week, as the result of action taken by the city council Monday.

Acting on recommendation of a special committee composed of Mayor Paul A. McCarthy and Port Commissioner Henry A. Beeger, the council voted unanimously:

1. To buy a 4½-acre parcel from the Redwood Harbor Company for $6750, paying for it out of the $7500 budgeted for harbor land purchases.

2. To pay the rest of the fund —$750—to the Valley Coast and Warehouse Company on a contract to buy that firm's 10 acres.

3. To obtain leases and written options on the rest of the property between the port and the yacht harbor on the basis of rental amounting to 4 per cent of the value plus city and county taxes.

All the harbor lands are to be purchased for $1500 an acre, price paid on similar purchases before the harbor was built.

Declaring purchase of the property "absolutely indispensible to successful operation of the port," McCarthy and Beeger in their written recommendation stated of the proposed purchases:

"The acceptance of the plan will give the port commission sufficient land to effectuate certain contracts, negotiations for which are now pending, and will afford sites for industries which will be seeking leases of sites adjacent to our harbor."

The purchase or option of the lands has been strongly recommended by the commission.

Bransten Will On File Here

Charles Bransten, wealthy Atherton and San Francisco resident who died Christmas Day at the age of 63, left the bulk of his estate in trust to his wife, Edith M. Bransten, during her lifetime, a petition for probate of will filed in superior court at Redwood City disclosed Monday.

In addition, Bransten bequeathed $3000 to his wife for her to distribute among their servants, another $1000 to William Felix, described in the lengthy will as "employe and friend," and authorized his wife to make charitable gifts as she saw fit, naming in particular the Stanford Convalescent Home.

The remainder will eventually pass to Richard Bransten, his son of New York, and Mrs. Clara Bransten Dinkelspiel, his daughter who resides in San Francisco.

John W. Dinkelspiel, his son-in-law and San Francisco attorney, was ordained executor, filing the petition through the firm of Dinkelspiel & Dinkelspiel.

No estimate was made of the value of the estate which consists of real and personal property. The will was dated December 9, 1935.

Wholesale Rate Slash to Bring Better Quality

Pure Hetch Hetchy water at no increase in retail rates was in sight today for patrons of Redwood City's municipally-owned water system.

As the result of a new rate schedule for water service put into effect by the San Francisco Water Department, City Manager C. L. Dimmitt told the city council Monday night that he believed the city, now securing two-thirds of its supply from San Francisco, could increase the amount to 100 per cent without increasing retail rates.

The manager even hinted that reductions in retail rates might be possible, but declared that until a compilation had been made, it would not be known for sure whether the lower rates could be secured, or the complete supply taken from the San Francisco department. Dimmitt had returned only yesterday from a belated vacation and had not had time to determine if the new rates would permit the complete change to the Hetch Hetchy supply, thus obviating necessity of operating Redwod City's wells.

The new wholesale rate, according to the schedule given Manager Dimmitt by Nelson Eckart, manager of the San Francisco department, brings a rate of 10 cents per 100 cubic feet on all water over 333,300 cubic feet used in a month. Previously, the lowest rate was 19.4 cents. Dimmitt said the 333,300 cubic feet would be used up in the summer time in Redwood City within two days, thus bringing the average cost of water somewhere in the vicinity of 12 cents per 100 cubic feet.

Manager Dimmitt stressed the fact that his calculations were only "off hand" and might not be the same after careful figuring.

Dimmitt's calculations are to be completed and submitted to the council at its next meeting. Members of the council all expressed themselves as being in favor of increasing the supply of San Francisco water to 100 per cent if it can be done without raising the price to consumers. In this case, the local wells would be used only as standbys.

Airmotive Concern Files Incorporation

Articles of incorporation of the Airmotive Industries Inc., capitalized at $75,000, were filed with the county clerk at Redwood City last week. Howard C. Ellis, S. A. Steindorf, R. M. Lyman Jr., S. F. Webster and K. Goemmer, all of San Francisco, were named directors. The company has established headquarters in San Mateo County, the articles stated.

TO SPEAK HERE

Robert Littler of Redwood City, well-known San Francisco attorney, will be the principal speaker at the annual community dinner here January 12.

Robert Littler Chosen to Speak At Annual Dinner

Robert Littler of 3023 Broadway, Redwood City, prominent San Francisco attorney and associate of the famed Atty. John L. McNab, was announced Monday as the principal speaker at the annual community dinner to be held in Sequoia high school auditorium Wednesday, January 12.

Littler, who is known throughout the bay region as an orator, will speak on a subject yet to be announced.

Tickets for the dinner, sponsored by the Redwood City Chamber of Commerce and cooperated in by local service and women's clubs, are now on sale at $1 each from members of a ticket committee headed by K. W. Van Gundy or at local drug stores, banks, and chamber of commerce, Tribune and Pacific Gas and Electric Company offices.

One feature of the affair, to be held in the Sequoia high school cafeteria, will be the presentation of the community service award.

New Seal Sale Appeal Made

A new appeal for San Mateo County citizens to send in their contributions to the San Mateo County Tuberculosis and Health Association was issued here by leaders of the organization, as they pointed out that the returns from the Christmas Seal sale are as yet far short of the goal and within the next few days the association must make its budget for its 1938 program.

The funds raised by the sale are used by local associations to carry on their programs for tuberculosis control and prevention. The specific programs are defined in each community by a volunteer board of public-spirited citizens, and adapted in each community to the individual requirements of public health.

The local association is a unit of the California Tuberculosis Association, which has entered its 31st year of active work for tuberculosis prevention in the state, following the annual meeting of the directors of the organization in Los Angeles Sunday. Among those attending was Dr. Phillip Pierson of Stanford University, president of the state association and consultant for San Mateo County's Community Hospital.

At the meeting, Dr. William C. Voorsanger of San Francisco, speaking before the group, revealed that the seal sale just completed had been the most successful in the history of the organization.

"Preliminary reports indicate that if all those who still have not paid for their seals will send in their contributions, the Christmas Seal sale will raise more than the 1928 total of $323,000 for California," he said.

Gaffey Heads Group For Birthday Ball

Appointment of Postmaster Joseph V. Gaffey of Burlingame as San Mateo county chairman for the fourth annual President's Birthday Ball was announced Tuesday.

He immediately launched plans for the San Mateo county event which, with others throughout the nation, will raise funds for the war against infantile paralysis.

Similar to last year's highly successful celebration, the 1938 ball will be county-wide in scope and will be held at the Tanforan clubhouse Saturday night, January 29.

Gaffey said he would ask mayors of the various cities in the county and Chairman Hugh H. Smith of the board of supervisors to serve as vice chairmen.

Contractor Caught In Speeding Net

James A. Arnott, 47, San Francisco building contractor, was one of more than a dozen speeding motorists arrested Monday as the state highway patrol continued its 1938 roundup.

Arnott, who has constructed many homes on the peninsula, was chased from Redwood City to Belmont at 60 miles per hour, officers said.

Masanoba Miyasaki, Salinas, was cited for reckless driving when tagged by Capt. Paul Perussina for speeding 75 miles an hour.

James Mellen, 438 Highland avenue, San Mateo, an artist, was cited for driving 50 miles per hour in a dense fog on Bayshore highway.

$1,000 Damage Done Creamery By Early Blaze

Fire that damaged the interior of the Sequoia Creamery and threatened the business block on Upper Broadway early Sunday morning was estimated to have done more than $1000 damage.

Defective wiring in the refrigeration system was cited as the cause of the blaze by Fire Chief Mark E. Ryan, whose department was called at 4 o'clock to put out the blaze which apparently had been smoldering most of the night.

The creamery will remain closed until January 8, Carl Bladh, owner, announced. Most of the main counter was burned underneath, and the heat created by the fire destroyed much of the furnishings and wall decorations, which were also blackened by the thick smoke.

STUDIES WPA CAMP

Plans of the county road department to construct a WPA camp in the coast side area were revealed Monday when U. S. Marshall, county engineer, joined WPA officials who are inspecting a similar camp in Sonoma County.

The camp is for single men only, it was explained. Making the trip today were L. C. Macabee of the San Jose WPA office, and Robert Mead of the Burlingame office.
